Address: 108 Sportsmans Drive, West Lakes SA, 5021

OBJECTIVE

Seeking a position where 5+ years of experience in software engineering and testing, and PC/Apple desktop support can be utilized and add value. I am an energetic team player, who promotes and supports a professional and efficient working environment.

With my outstanding customer service skills, a 'can-do' approach to all tasks, a willingness to develop new skills, and a consistently high level of communication and productivity, I believe I can be a valuable asset to any company who is searching for driven and motivated staff.

Soft skills:

- Passionate about quality
- Well organized
- Excellent problem-solving skills
- Attentive to details
- Good operation and interaction with colleagues
- Work well in both team and autonomous environments
- Able to quickly respond to new challenges
- Willing and able to acquire new skills swiftly.
- Work well under tight deadlines and expectations.
- Able to recognise and prioritize workloads
- Willingness to share knowledge and experience, to benefit all.

Technical skills:

Hardware Knowledge and experience

- Diagnosed hardware faults and conflicts between peripherals.
- Installed and configured the following components:
 - Motherboards
 - CPU processors
 - Ram modules
 - Power supplies
 - Hard drives
 - CD-ROM drives
